

Life is Loud. Your Buildings Shouldn't Be.

Sound-proof & thermally insulate your space with eco-friendly recycled denim insulation.

Crafted from premium post-industrial recycled denim, Quiet Denim protects you from external heat, cold, and noise without hurting the planet. Safe on skin and soft to the touch, it leverages the fabric you know and love to insulate for a cleaner, healthier building without the itch or cough.

Features & Benefits:

- ✓ Fire Resistant
- ✓ Sound Absorbent
- ✓ Energy Efficient
- ✓ Eco-Friendly & Sustainable
- ✓ Safe to Touch
- ✓ Easy to Install
- ✓ Itch Free
- ✓ Low VOC

Say goodbye to builder grade solutions and hello to the insulation of the future.

R13

ENERGY EFFICIENT
THERMAL INSULATION

SOUND ABSORBENT

MADE FROM RECYCLED DENIM

FIRE RESISTANT

SAFE TO TOUCH

Physical Properties

PROPERTY	PERFORMANCE	TEST
Corrosion Resistance	Passed	ASTM C-739
Fungi Resistance	Passed (No Growth)	ASTM C-739
Moisture Absorption Passed	Passed (<15%)	ASTM C-739
Smoke Development	Class-1	ASTM E-84
Surface Burning Characteristics	Class-1	ASTM E-84
Thermal Resistance	R13	ASTM C518
Sound Absorbent Coefficiency Rating (NRC)	NRC 1.05	ASTM E795-16

Quiet Denim Specs

Batt Dimensions (LxWxH)

16" OC: 94"x16"x3"
 24" OC: 94"x24"x3"

Applications:

Walls & ceilings in residential, commercial, & more

Features:

Sound absorbent, fire resistant, safe to touch, itch-free, low VOC, LEED-eligible

The technical and application details shared are based on our present understanding to assist in selecting the appropriate insulation product. This information is general and does not guarantee a fit for particular applications. Users are responsible for verifying the product's suitability and ensuring compliance with regulations. Quiet Denim data sheets are updated periodically, and users should access and verify the most current version. Information is subject to change without prior notice.
